### Farewell Reception.

Miss Mary Whitham, a popular young lady of Valley Grove, entertained a number of her friends last Monday evening in a delightful manner. Music and games were enjoyed. Refreshments were served, to which all did justice. Miss Whitham leaves in a few days to attend school at West Liberty, and her numerous friends join in wishing her a happy and successful school term.

### Transfers Recorded.

The following transfers of real estate were left for record at Clerk Hood's office on Saturday:

Deed by bargain and sale made March 13, 1894, by Howard V. Lynn, of Belmont, O., and Frederick Goldstrohm, for the saloon No. 1133 Water street; Consideration \$1,500.

Deed made March 16, 1894, by Zacharia Depner to Henry S. Depner, for the west half of lot No. 71 on the north side of Eleventh street. Consideration \$450.

### Death of Samuel Craig.

Samuel Craig died at Tiltonville yesterday morning, aged about 65 years. He resided at Martin's Ferry for twenty-six years, until his brother James moved to Tiltonville about a year ago, and since that time he had lived there. He was one of the oldest glassworkers in the Ohio Valley, having worked at the Central and Buckeye for many years. He was a member of Company K, First Virginia cavalry, and was an uncle of Thomas Craig, of Martin's Ferry. The deceased was one of eleven children, seven boys and four girls. All are now dead except James Craig, of Tiltonville.

### Two Sudden Deaths.

Bellaire was visited by two very sudden deaths Saturday night and yesterday morning. Bessie Bailey, a strong and hearty colored girl, enjoyed herself with the young folks Saturday evening and while out at a saucer of ice cream. Returning to her home she ate a lot of dried peaches, and at 11 o'clock she was dead. The ice cream and peaches produced a fatal colic. The other was Joseph Duffy. He got up about 6 o'clock yesterday morning and was sitting around Mrs. McKelvey's boarding house waiting for breakfast. At ten minutes to 8 breakfast was announced and just as Duffy arose to go into the dining room he gasped and fell and a few minutes later he was dead. Duffy was a bottle blower, but had not worked for a long time. He had been ailing for a day or two. His home was formerly in Pittsburgh and the body was sent there.

### In Police Circles.

In the police court Saturday evening John Walcher was fined \$1 and costs for disorder. He was flourishing a pistol and terrified the neighborhood.

Lincoln O'Hare, colored, was locked up by Officer Carney on a disorderly charge. He is accused of whipping his father. The same officer put in Harry Hollinger on the same charge, and Officer Herberfeld put in Fred Martin and Harry Johnson, also disorderly. Officer Herbert locked up Lewis Martin for disorder, and "Hazel Kirke," a prostitute, for being drunk on the street.

### A Burglary on the Island.

Some time Saturday night or yesterday morning thieves entered the grocery store of Montgomery & Son, on the north-east corner of Virginia and Penn streets on the Island. They got some small change and a few cigarettes. It is believed that the robbery was committed by boys.

Last night Max and Pete Voelker, white boys, aged 14 and 12 respectively, and Earl Nuzum, colored, aged 14, were arrested on the Island by Officers Porter, Stump and Myers, and brought over. They at first denied all knowledge of the burglary, but after being separated they "fessed up," and said this was the third time they had been in the same store. They will be taken before Squire Gillespie this afternoon, and probably be sent to the reform school.

### Another Boy Burglar.

Five weeks ago and again two weeks ago Berkeley's meat shop and residence, at Martin's Ferry, was robbed of considerable cash. Both times he and his family were away from home. Yesterday about daylight Officer Och went to the house and lay in wait, expecting another visit from the thieves. He caught Edward Samske in the act of robbing a bed room, but Samske gave him the slip. He was captured at 9 o'clock last night by Och and locked up. Samske confessed to both the other robberies. He is a boy of sixteen and has been in the reform school.

## THE PLANS COMPLETED

And the Contracts Let for the  
Wheeling Park Casino.

### A LARGE, COMMODIOUS STRUCTURE

With Accommodations for Several  
Thousand Auditors, Refreshment  
Rooms and All Needed Accessories.  
Vast Improvements Intended—At  
Mozart Park.

Messrs. Franzheim & Giesey, the architects, have completed the plans for the Wheeling park casino, and the contracts have been let for its construction. Indeed, work on the excavation and masonry has already made good progress. Max Lang has this contract. The earth removed from its site is being used to level up the lower part of the present rear enclosure so that hereafter it will all be practically on a level with the entrance. The casino will stand at the edge of the present enclosure, next the road, east of the arbors. The enclosure is to be considerably enlarged and the horse sheds removed.

The carpenter work contract was awarded to Woods Bros., the iron trusses to the Canton wrought iron bridge company, the roofing to Schenck Bros. The painting has not yet been let.

The building will be 120 by 90 feet, exclusive of porches. The front is of circular form, with a twenty-foot porch extending from it. There are outside steps to the porch roof, where there will be promenades, chairs and tables, and inside stairway to the balcony inside. Another stairway descends into the basement, which will be all above ground. It will contain a bar 27 by 48 feet, and a dining room 31 by 53, besides a roomy kitchen, pantries, etc.

The floor will be level in the middle of the auditorium proper, so that the seats can be removed for dancing or to place refreshment tables. About this are other seats in tiers in regular theatre style, and the floor of the balcony will be built in the same way. The structure will seat 2500 people easily, and nearly as many more can be accommodated on the porches, eight doors eight feet wide opening from the first floor and fifteen windows of the same width from the balcony, so that the audience can hear and see about as well outside as in. It will be of frame, with huge iron trusses to support the roof. The stage will be a feature, the proscenium being 40 by 25 feet and the entire stage 89 feet wide and 38 feet deep. The height of the main auditorium from floor to ceiling will be 33 feet.

This and other improvements the park managers contemplate this season will cost \$25,000. Additional stock is being subscribed to raise the amount. It is expected the casino will be all ready for public inspection by May 30, and for the formal opening by the Elks a week or two later.

Work will begin on the new bowling alleys at the park this morning, and it is thought they will be ready for use by April 1.

### At Mozart Park.

Saturday morning the planing mill firm of Wood Bros. secured the contract for the improvements at Mozart Park. These improvements are to cost over \$6,000.

A bowling building of frame 130 by 60 feet is to be erected, and a part of it will be two stories. In it will be eight bowling alleys, four of the regulation type and four of the common gauge. The building is to be well finished, and will be a handsome structure.

The contractors will begin work this week, as it is desired to have the building completed by the first of May.

### The Musee Bowling Alleys.

The wood for the Musee bowling alleys has arrived, and the expert workman who is to have charge of the work of putting them down is also in the city. It is intended to commence work to-day, and it is thought the alleys can be completed ready for use by April 1, at farthest.

### The Spring Medicine.

"All run down" from the weakening effects of warm weather, you need a good tonic and blood purifier like Hood's Sarsaparilla. Do not put off taking it. Numerous little ailments, if neglected, will soon break up the system. Take Hood's Sarsaparilla now, to expel disease and give you strength and appetite.

### MILLINERY OPENING.

Our Millinery opening of Spring and Summer Hats and Bonnets will occur on Tuesday, March 20, to which all are invited.

### Body Turned to Stone.

About all you hear now on the street is, "Have you seen the Petrified Woman?" If not, you are advised to go and see it, as one of the most wonderful curiosities that has ever come to this city.

Thus far the following physicians of Wheeling have been in to see the Petrified Woman, and certify that it is genuine: Drs. J. C. Hupp, Babout, Ulrich, Kearns, Megraie, Wechsler, Garrison and Prof. W. H. Anderson.

The room was crowded all day Saturday with ladies and gentlemen and as a result E. J. Taylor and daughters have decided to remain another week.
